Triangles, Angles & Wedges:

	<p>10 Degree Triangle Ruler</p> <p>Sew together 36 of these 10 degree triangles to create a complete circle, 18 to create a half-circle or 9 to create a quarter-circle. Create Fans, Dresden Plates, etc up to a finished size of 31½ inches.</p> <p>Length: 16 inches.</p> <p>Code: CG RT10</p>
	<p>10 Degree Wedge Ruler</p> <p>The 10 degree wedge creates wonderful circular quilts. 36 wedge pieces make circles up to 45 inches. Or use the same wedge to cut extensions to create a circle up to 66 inches.</p> <p>Length: 22 inches.</p> <p>Code: CG RCP1</p>

Creative Grids Catalogue

	<p>15 Degree Triangle Ruler</p> <p>Sew together 24 of these 15 degree triangles to create a complete circle, 12 to create a half-circle or 6 to create a quarter-circle. Create Fans, Dresden Plates, etc up to a finished size of 18 inches.</p> <p>Length: 9.5 inches.</p> <p>Code: CG RT15</p>
	<p>15 Degree Triangle Ruler</p> <p>Sew together 24 triangles to create a complete circle; 12 to create a half-circle; or 6 to create a quarter-circle. Create Fans, Dresden Plates, etc. up to a finished size of 48 inches.</p> <p>Length: 24 inches.</p> <p>Code: CG REU1</p>
	<p>22½ Degree Triangle Ruler</p> <p>Sew together 16 of these 22½ degree triangles to create a complete circle. Use 8 to create a half-circle and 4 to create a quarter-circle. Use this ruler to make Fans, Dresden Plates, etc. up to a finished size of 36 inches.</p> <p>Length: 18½ inches.</p> <p>Code: CG REU3</p>
	<p>22½ Degree Triangle Ruler</p> <p>Sew together 16 of these 22½ degree triangles to create a complete circle, 8 to create a half-circle or 4 to create a quarter-circle. Create Fans, Dresden Plates, etc up to a finished size of 18 inches.</p> <p>Length: 9½ inches.</p> <p>Code: CG RT225</p>
	<p>30 Degree Triangle Ruler</p> <p>Sew together 12 triangles to create a complete a full circle, 6 to create a half-circle or 3 to create a quarter-circle. Make pieced arcs and circles up to a finished size of 38 inches. This ruler includes 30, 45 and 60 degree angles.</p> <p>Length: 19½ inches.</p> <p>Code: CG RSG1</p>

Creative Grids Catalogue

	<p>8 inch 45 Degree Half Square Triangle</p> <p>This 45 degree triangle cuts half-square triangles up to a finished size of 8 inches. Since the tip is trimmed, all squares and triangles can be cut from the same strips of fabric.</p> <p>Length: 8½ inches.</p> <p>Code: CG RT45</p>
	<p>45/90 Degree Triangle</p> <p>This multi-sized ruler features easy to read black and white markings. The maths required to cut these angles is incorporated into these markings. Use the 45 degree side to cut half-square triangles from fabric strips up to 5½ inches wide. Turn it around to cut 90 degree triangles that finish up to 5 inches.</p> <p>Code: CG RMS4590</p>
	<p>60 Degree 8½ inch Triangle</p> <p>Cut 30 and 60 degree angles (up to a height of 8 inches). This 60 degree triangle features easy-to-read black and white markings.</p> <p>Length: 8½ inches.</p> <p>Code: CG RT60</p>
	<p>60 Degree 12½ inch Triangle</p> <p>Cut 30 and 60 degree angles (up to a height of 12 inches). This 60 degree triangle features easy-to-read black and white markings.</p> <p>Length: 12½ inches.</p> <p>Code: CG RT12560</p>
	<p>Half 60 Degree Triangle Ruler</p> <p>Use the Half 60 Triangle to cut setting triangles for the Creative Grids 60 degree triangle rulers (CG RT60 and CG RT12560.) Sew two triangles together to create a 60 degree triangle or half rectangle. Or cut a wide variety of shapes that will fit into a 60 degree grid.</p> <p>Length: 12½ inches.</p> <p>Code: CG RT30</p>

Creative Grids Catalogue

	<p>8 inch 90 Degree Quarter Square Triangle</p> <p>This 90 degree triangle cuts quarter triangles up to a finished size of 8 inches. Since the tip is trimmed, all squares and triangles can be cut from the same strip of fabric. Sew 4 together to create quarter square triangles up to a finished size of 16 inches. A $\frac{1}{4}$ inch dashed line is printed on each side of the centre vertical line so you can cut 45 degree triangles that include the seam allowance. A dashed $\frac{1}{4}$ inch seam allowance is printed around the entire edge of the ruler.</p> <p>Length: $8\frac{1}{2}$ inches.</p> <p>Code: CG RT90</p>
	<p>120 Degree Triangle Ruler</p> <p>Use the straight side of this triple strip ruler to cut $1\frac{1}{2}$ inch and $2\frac{1}{2}$ inch strips. Sew these strips together to create a $6\frac{1}{2}$ inch wide strip set. Turn-a-Round the ruler to cut 120 degree triangles that finish to a height of 6 inches. Flip the ruler around 180 degrees to continue to cut without wasting any fabric. The markings on the ruler allow you to cut 120 degree triangles from $2\frac{1}{2}$, $4\frac{1}{2}$ or $6\frac{1}{2}$ inch strip sets.</p> <p>Code: CG R120R</p>
	<p>2 Peaks in 1 Multi-Size Triangle Ruler</p> <p>Cut triangles with a ratio of 2 to 1 to create a 2 Peaks in 1 block for blocks from 1 inch to 6 inches. Ruler markings show finished size as well as the cut size of the strip.</p> <p>Code: CG R2P1</p>
	<p>7/8in Triangle Ruler</p> <p>Take the maths out of cutting half-square triangles (adding $\frac{7}{8}$ inch to the finished size of half-square triangles). Solid black lines are marked at $\frac{7}{8}$ inch, $1\frac{7}{8}$ inch, $2\frac{7}{8}$ inch, $3\frac{7}{8}$ inch, $4\frac{7}{8}$ inch and $5\frac{7}{8}$ inch to make it easy to cut the strips and squares needed to create half-square triangles.</p> <p>Code: CG R78</p>
	<p>9 inch Perfect Rectangle Ruler</p> <p>Cut proportional Perfect Rectangle blocks that finish to 9 inches. Since the tip is trimmed, all triangles can be cut from the same strips of fabric. This triangle is one of a series of rulers that share the same markings and work together to cut your favourite triangle shapes. It features $\frac{1}{4}$ inch grip around the entire outside edge that holds fabric when cutting.</p> <p>Length: $9\frac{1}{2}$ inches.</p> <p>Code: CG RTMT3</p>

Creative Grids Catalogue

	<p>9 inch Triangle in a Square</p> <p>Cut proportional Triangle Squared blocks that finish to 9 inches. Since the tip is trimmed, all triangles can be cut from the same strips of fabric. This triangle is one of a series of rulers that share the same markings and work together to cut your favourite triangle shapes. It features ¼ inch grip around the entire outside edge that holds fabric when cutting.</p> <p>Length: 9½ inches.</p> <p>Code: CG RTMT2</p>
	<p>Angle Finder 8 x 3½ inches</p> <p>Create perfect mitered bindings on corners with angles of 60, 90, 120 and 135 degrees. Cut bindings from strips and then use this ruler to cut the angles to miter each corner. Continuous binding is no longer required. Holes drilled ¼ inch away from each corner, make it easy to mark the seam allowance.</p> <p>Code: CG RAF</p>
	<p>Alaska Ruler</p> <p>The Alaska Ruler cuts a multitude of shapes in a variety of sizes. Cut 45 degree wedges, diamonds, squares and half square triangles all with the same ruler! The instructions include how to make a basic kaleidoscope block as well as an Alaska block in four different sizes, from 9 to 16 inches.</p> <p>Code: CG RLBQ1</p>
	<p>Cottage Ruler</p> <p>This multi-purpose 5½ x 8½ inch Cottage ruler is a smaller version of the House ruler (Order Code: CG RQB1) and is designed to cut a multitude of shapes - half-square triangles, quarter-square triangles, trapezoids, parallelograms, diamonds from squares and rectangles. House shapes and barn shapes are fast, easy and accurate to cut with this one ruler.</p> <p>Code: CG RQB2</p>
	<p>House Ruler</p> <p>This multi-purpose 9½ x 12 inch House ruler is designed to cut a multitude of shapes - half-square triangles, quarter-square triangles, trapezoids, parallelograms, diamonds from squares and rectangles. House shapes and barn shapes are fast, easy and accurate to cut with this one ruler. This ruler is the larger version of the Cottage Ruler (Order Code: CG RQB2).</p> <p>Code: CG RQB1</p>

Creative Grids Catalogue

	<p>Half Rectangle Trim Tool</p> <p>The Half Rectangle Trim Tool makes half rectangle units in 7 different sizes. Make the half rectangle units with either a right or left slanting seam. Cutting chart is printed right on the tool, along with trim lines for perfect half rectangle units every time. A and B trims make it easy to line up the triangles for sewing. Since half rectangles have a different angle than half square triangles, an extra 1/8 inch indent is added in the final trimming so that when sewn into a project, the seam lines will go corner to corner.</p> <p>Code: CG RDH6</p>
	<p>Half-Square 4 in 1 Triangle Ruler</p> <p>Create half-square triangles in multiple sizes using the same tool. Whichever technique is used in the pattern you choose can be completed with this ruler.</p> <p>Length: 3½ inches.</p> <p>Code: CG RBH1</p>
	<p>Kaleidoscope or Dresden Plate Triangle Ruler</p> <p>Use this 45 degree Kaleidoscope ruler to cut designs created with 8 separate 45 degree triangle units such as kaleidoscopes and Dresden Plate blocks. These triangles can also be pieced into a saw tooth border. Cut triangles to a finished height of 8 inches to piece blocks that measure up to a finished size of 16 inches. A ¼ inch dashed line is printed on each side of the centre vertical line so you can cut 22½ degree triangles that include the seam allowance.</p> <p>Length: 8½ inches.</p> <p>Code: CG RTKAL45</p>
	<p>Mini Side Set Triangle Ruler 1in to 6in</p> <p>Cutting the side-setting triangles to set & quilt on point has never been easier. Same fabric cutting these triangles from strips-step by step instructions included.</p> <p>Code: CG RMSS</p>
	<p>Starburst 30 Degree Triangle Ruler</p> <p>Sew together twelve 30 degree triangles to create a complete circle, six to create a half-circle or three to create a quarter-circle. Or, use the angles to create a variety of intricate 12 inch finished blocks - no paper templates required!</p> <p>Code: CG RISE30</p>

Creative Grids Catalogue

	<p>Spider Web Ruler</p> <p>This double duty ruler creates a variety of blocks using 3 inch to 10 inch strips or strata widths. Once you have cut the triangles, reposition the ruler to cut the background kite and/or corner shapes. Depending on the positioning of the light and dark fabrics, the finished blocks resemble a spider web or a four-pieced star.</p> <p>Code: CG RKA6</p>
	<p>Strippy Stars Tool</p> <p>Quickly and easily make star point units in 8 sizes from squares and strips with the cutting requirements for each is printed right on the ruler!</p> <p>Code: CG RDH2</p>

Circles:

	<p>5 Discs</p> <p>The Creative Grids Circles include a set of templates in five different sizes: 2½, 3½, 4½, 5½ and 6½ inches. 45 degree angles are marked on each circle. Use these circles to cut perfect Yo-Yo's, appliques, or as a quilting template for marking curves and circles.</p> <p>Code: CG RCRL</p>
	<p>Circle Savvy Ruler</p> <p>Cut circles, semi-circles and quarter-circles from 3 inches to 15½ inches and every half inch in between. Cut a freezer paper template to the finished size and then cut the fabric ½ inch larger to add the seam allowance. Or, if you prefer piecing curves, cut the background and the circles with the same ruler.</p> <p>Code: CG RSAV1</p>
	<p>Double Wedding Ring Template Set</p> <p>This Double Wedding Ring Template set designed by Judy Niemeyer works with all of her double wedding ring patterns. Or use these 17¼ inch templates to cut the segments needed to create a double wedding ring quilt. All of the curves can be cut with a 45mm or 60mm rotary cutter.</p> <p>Code: CG RDWR</p>

Creative Grids Catalogue

	<p>The Hole Thing Template</p> <p>Trace perfect circles every time in sizes ranging from 1/4 to 3 inches and every quarter inch between. The larger circles have 8 tick marks printed around the circles to aid in placement. The Hole Thing is the perfect tool to trace circles for appliques, berries, flower centres, yo yos and button covers. 3 of the holes are strategically placed so that it will fit in a notebook.</p> <p>Code: CG RTPHT</p>
	<p>Ovals All Ways Ruler</p> <p>The Ovals All Ways Ruler cuts ovals, semi-ovals and quarter-ovals from 3 x 4 1/2 inches to 8 1/2 x 10 inches and every half-inch between. Since this ruler is designed to be used in multiple ways, additional markings are included to for techniques such as fusible applique, piecing and turned-edge applique.</p> <p>Code: CG RKAOVAL</p>

Diamonds:

	<p>45 Degree Diamond Dimensions Ruler</p> <p>Increase your diamond design possibilities by cutting chevrons, half diamonds, quarter diamonds and traditional diamonds from strip sets. This 8 inch 45 Degree Diamond Dimensions ruler includes all of the markings required to take your quilts to the next level.</p> <p>Code: CG REU2</p>
	<p>60 Degree Diamond Ruler</p> <p>Increase your diamond design possibilities with the 60 degree Diamond Ruler. Cut 60 degree diamonds up to 8 1/2 inches, hexagons up to 8 1/2 inches and 60 degree triangles up to 8 1/2 inches. Maximise the design potential by cutting them from strip sets. There are even markings included to cut 120 degree side setting triangles.</p> <p>Code: CG R60DIA</p>

Creative Grids Catalogue

	<p>60 Degree Diamond Mini Ruler</p> <p>Meet the Mini 60 Degree Diamond Ruler! It has all of the great features of the original 60 degree Diamond Ruler (CG R60DIA) but in a smaller, easier to manipulate size for smaller projects! The mini cuts 60 degree diamonds up to 4½ inches; hexies up to 4½ inches; and 60 degree triangles up to 4½ inches. Maximise the design potential by cutting them from strip sets.</p> <p>Code: CG R60DIAMINI</p>
-----------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Binding and Seam Guides:

	<p>Bias Binding Simplified Ruler</p> <p>The Bias Binding Simplified Ruler has markings to easily cut 2¼ inch or 2½ inch binding.</p> <p>Code: CG RABB1</p>
	<p>9 inch Seam Guide Tool</p> <p>This ½ x 9 inch seam marking tool is long enough to mark the diagonal of a 6½ inch square. Mark through the slotted centre with any mechanical pencil and sew ¼ inch on each side of the tool. Or mark the sewing line by drawing on both outside edges. The exclusive grip holds the tool in place while marking, the perfect tool when making half square triangles!</p> <p>Code: CG RSMN9</p>
	<p>15 inch Seam Guide Tool</p> <p>This ½ x 15 inch seam marking tool is long enough to mark the diagonal of a 10 inch square. Mark through the slotted centre with any mechanical pencil and sew ¼ inch on each side of the tool. Or mark the sewing line by drawing on both outside edges. The exclusive grip holds the tool in place while marking, the perfect tool when making half square triangles!</p> <p>Code: CG RSMN15</p>

Creative Grids Catalogue

Cats Cradle:

	<p>Cats Cradle Ruler</p> <p>Make Cats Cradle units quickly, easily and accurately, two at a time from squares and rectangles. You never cut a single triangle, but with the Cats Cradle tool you end up with perfect triangles in your finished blocks every time. Create six sizes from 1½ inches to 4 inches finished blocks - the cutting requirements for each is printed right on the ruler!</p> <p>Code: CG RDH1</p>
	<p>Cats Cradle Ruler XL</p> <p>Double your fun by creating two Cat's Cradle XL units from each set of squares and rectangles. Trim the blocks with the Cat's Cradle XL Tool to create perfect triangle blocks without ever cutting a single triangle! Create 8 different sizes, ranging from 4½ to 8 inches finished, with the cutting requirements for each is printed right on the ruler!</p> <p>Code: CG RDH1XL</p>

Flying Geese:

	<p>Multi-Size 6in Flying Geese 45/90 Degree Ruler</p> <p>The Multi-Size 6 inch Flying Geese 45/90 Degree Ruler combines 45 and 90 degree triangles in one tool. Cut flying geese units up to a finished size of 6 x 12 inches, cut half-square triangles up to a finished size of 6 or cut quarter-square triangles up to a finished size of 12 inches.</p> <p>Code: CG RMSFG4590</p>
	<p>Ultimate Flying Geese Template</p> <p>Very fast, easy and accurate! Make 4 Flying Geese at one time as the printed cutting chart on the ruler works for TWO different methods! Or, oversize your favourite method for making Flying Geese, then use the Ultimate Flying Geese Tool to trim to perfection. Creating 8 sizes from 1 x 2 inch up to 4 x 8 inch finished blocks, with the cutting requirements for each size is printed right on the ruler! Or, use your favourite method and create oversized units and then trim them down to perfection.</p> <p>Code: CG RDH4</p>

Creative Grids Catalogue

Hexagon:

	<p>Hexagon Trim Tool</p> <p>Create perfect pieced hexagons with 2, 4 or 6 inch finished centres by squaring up each round of strips as you go. Since each round is squared up before the next set is added, the blocks created are perfect hexagons. Or use the markings to cut 2 to 8 inch finished hexagons & every even size in between. Note: This tool cuts finished hexagons that measure 8 inches from side to side.</p> <p>Code: CG RJAW4</p>
-----------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Itty Bitty:

	<p>Itty-Bitty 8ths Rectangle 3 x 7 inch Ruler</p> <p>This 3 x 7 inch Itty Bitty Eights Rectangle Ruler features easy to read $\frac{1}{8}$ inch markings. The black and white dashed eighth inch markings show on both light and dark fabrics. The dashed 1 inch grid lines ensure accuracy when cutting pieces for miniature quilts. Refer to the black diamonds when cutting $\frac{1}{8}$ inch units and the white diamonds when cutting $\frac{1}{4}$ inch units.</p> <p>Code: CG RPRG1</p>
	<p>Itty-Bitty 8ths Square 6 x 6 inch Ruler</p> <p>This 6 inch Itty Bitty Eights Square Ruler designed features easy to read $\frac{1}{8}$ inch markings. The black and white dashed eighth inch markings show on both light and dark fabrics. The dashed 1 inch grid lines ensure accuracy when cutting pieces for miniature quilts. Refer to the black diamonds when cutting $\frac{1}{8}$ inch strips and the white diamonds when cutting $\frac{1}{4}$ inch increments.</p> <p>Code: CG RPRG2</p>
	<p>Charming Itty Bitty Eights</p> <p>This easy to manipulate 5 x 15 inch Charming Itty Bitty Eights Ruler is the perfect size to cut 5 inch charm squares quickly and easily. The dashed one inch markings increase visibility and improves accuracy, also highlighting $\frac{1}{8}$ inch markings which are hard to use on traditional rulers. The black and white dashed $\frac{1}{8}$ inch markings show on both light and dark fabrics and ensure accuracy when cutting pieces for miniature quilts. The $\frac{3}{16}$ inch marking printed along the length of each side of the ruler are the perfect width for cutting wool bias strips for applique.</p> <p>Code: CG RPRG3</p>

Creative Grids Catalogue

	<p>Itty Bitty 8ths Square 15 x 15 inch</p> <p>This 15 inch Itty-Bitty Eights Square Ruler features easy to read $\frac{1}{8}$ inch markings. The black and white dashed eighth inch markings show on both light and dark fabrics. The dashed 1 inch grid lines ensure accuracy when cutting pieces for miniature quilts. Refer to the black diamonds when cutting $\frac{1}{8}$ inch strips, the white diamonds when cutting $\frac{1}{4}$ inch increments. 45 degree angles are marked from corner to corner - perfect for squaring up blocks.</p> <p>Code: CG RPRG4</p>
	<p>Itty Bitty 8ths Rectangle 8 x 24 inch</p> <p>The 8 inch by 24 inch Itty-Bitty Eights Rectangle Ruler features easy to read $\frac{1}{8}$ inch markings. The black and white dashed eighth inch markings show on both light and dark fabrics. The dashed 1 inch grid lines ensure accuracy when cutting pieces for miniature quilts. Refer to the black diamonds when cutting $\frac{1}{8}$ inch units, the white diamonds when cutting $\frac{1}{4}$ inch units.</p> <p>Code: CG RPRG5</p>

Log Cabin:

	<p>Log Cabin Trim Tool 4 Inch</p> <p>The 4 inch Log Cabin Trim Tool Template features exclusive markings to create perfect finished Log Cabin, Half Log Cabin or Courthouse Steps blocks. After adding each round of logs, place the appropriate centring square on the ruler over the $1\frac{1}{2}$ inch finished centre square and trim. Since each round is squared up before the next set of logs are added, the results are spectacular. The suggested strip widths are printed right on the template!</p> <p>Code: CG RJAWMN4</p>
	<p>Log Cabin Trim Tool 6 Inch</p> <p>The 6 inch Log Cabin Trim Tool Template features exclusive markings to create perfect finished Log Cabin, Half Log Cabin or Courthouse Steps blocks. After adding each round of logs, place the appropriate centring square on the ruler over the $1\frac{1}{2}$ inch finished centre square and trim. Since each round is squared up before the next set of logs are added, the results are spectacular. The suggested strip widths are printed right on the template!</p> <p>Code: CG RJAWMN6</p>

Creative Grids Catalogue

	<p>Log Cabin Trim Tool 8 inch</p> <p>The Log Cabin Ruler features exclusive markings to help you create perfect 8 inch finished Log Cabin, Half Log Cabin, or Courthouse Steps blocks. After adding each round of "logs", place the appropriate centring square on the ruler over the 2 inch finished centre and trim. Since each round is squared up before the next set of logs are added, the results are spectacular.</p> <p>Code: CG RJAW1</p>
	<p>Log Cabin Trim Tool 2</p> <p>The Log Cabin Trim Tool 2 Ruler features exclusive markings to help you create perfect 6 inch and 12 inch finished Log Cabin, Half Log Cabin or Courthouse Steps blocks. After adding each round of "logs", place the appropriate centring square on the ruler over the finished centre square and trim. Each round of logs is squared up before the next set of logs is added, so results are spectacular.</p> <p>Code: CG RJAW2</p>
	<p>10 inch Log Cabin Trim Tool Duo</p> <p>The 10 inch Log Cabin Trim Tool Duo features exclusive markings to create perfect finished Log Cabin, Half Log Cabin or Courthouse Steps blocks up to 10 inches. But, in this case, there are two sets of markings; one set for 1 inch finished logs and additional markings for 1/2 inch finished logs. Make log cabin blocks with all the same width of strips or combine the 2 widths for limitless design potential! After adding each round of logs, place the appropriate centring square on the ruler over the centre square of the block and trim. Since each round is squared up before the next set of logs are added, the results are spectacular.</p> <p>Code: CG RJAW10</p>
	<p>10 inch Wonky Log Cabin Trim Tool</p> <p>The 10in Wonky Log Cabin Trim Tool puts a fun twist on a traditional block. This one is designed to work with 2.5 inch strips for both the logs and centre squares making it precut friendly. After adding each round of logs, place the appropriate centering square on the ruler over the centre square of the block and trim. Since each round is trimmed before adding the next one, your final trim squares up the block making it ready to be used in your project..</p> <p>Code: CG RJAW13</p>

Machine Quilting Tools (Designed by Angela Walters):

	<p>Archie</p> <p>Quilting symmetrical arches can be tricky! Have you ever noticed that one side can look great while the other looks not so great? Don't get discouraged, get Archie! Designed by Angela Walters, Archie is the perfect ruler for quilting arches in 2 inch borders or as an edge to edge machine quilting design. Whether you use a home sewing machine or a longarm, Archie is perfect for machine quilting Symmetrical Arches, Alternating Arcs, Pointy Clamshells, Elongated Orange Peels and Continuous Curves.</p> <p>Reference lines in two colors, allowing you to machine quilt several different designs with ease and without marking! - Fits easily in your hand and is perfect for all machine quilters from brand new to experienced. High grade, 1/4in thick acrylic.</p> <p>Code: CG RQTA3</p>
	<p>Chevy</p> <p>Chevy is a little pointy, a little curvy and very versatile. With both a straight side and a curvy side, there are so many ways that this tool can help you improve your quilting! Use the straight side for stitching in the ditch and echoing, turning the corner without rotating the ruler, echoing two sides of a block easily without marking the pivot point and adding chevron designs all over a quilt, or as a border. Use the curvy side for adding a subtle, curvy line, stitching offset, rounded rectangles by changing direction and segmenting borders.</p> <p>Code: CG RQTA7</p>
	<p>Dot</p> <p>Dot is like getting two rulers in one, making it an all around functional tool to have around. Quilt along the outside to create straight line in different angles or quilt along the inside to create beautiful curvy, pointy shapes.</p> <p>Code: CG RQTA11</p>
	<p>Elvira</p> <p>Meet Elvira, your new favourite curvy ruler! She not only looks beautiful, she's quite handy when quilting wavy lines or continuous curve lines. Elvira can quilt multiple arcs in multiple directions without rotating your quilt (or working from the back of your foot)! Use her for quilting continuous curve blocks (2 inch squares are her specialty!), adding a series of curves along a row of blocks and quilting all sides of a square, no matter what foot you use!</p> <p>Code: CG RQTA6</p>

Creative Grids Catalogue

 <p>Petunia Designed by Angela Walters</p>	<p>Petunia</p> <p>This Machine Quilting Tool is pretty as a flower! Petunia is the perfect tool for creating curvy flower shapes, perfect circles and more. You can quilt along the outside edge to create stunning floral shapes or quilt along the inside edge for beautiful circles and arcs. You can even combine the two to create even more designs for your quilt top!</p> <p>Code: CG RQTA10</p>
 <p>Shelly Designed by Angela Walters</p>	<p>Shelly</p> <p>Shelly is your new quilting best friend! Efficient and beautiful quilting is her specialty. With her you can quilt the same sized Clamshell design from either side of the ruler. That means you don't have to rotate the quilt and you can quilt from any side of your quilting foot. The Clamshell design can be classically quilted for an open traditional feel or given a modern update by flipping it around to create Orange Peel or rotate to create beautiful flower motifs, arcs, leaves and more.</p> <p>Code: CG RQTA8</p> <p>Code: CG RQTA8LS (Low Shank)</p>
 <p>Shorty Designed by Angela Walters</p>	<p>Shorty</p> <p>Hand-sized is the perfect size, at least when it comes to home machine quilting with rulers. Shorty is just the right size to get the job done without being too big and inconvenient. Curved edges allow for versatile designs; and needle stop notches help you stop in the right spot every time. Use it for straight line quilting, concentric squares, border designs, stitching in the ditch and geometric quilting.</p> <p>Code: CG RQTA1</p>
 <p>Sid Designed by Angela Walters</p>	<p>Sid</p> <p>Sid is a little bit straight, a little curvy and completely devoted to helping you create some amazing designs. Using Sid's straight side, quilting straight lines is a snap. Not only does he have a nice long straight edge, needle stops on both sides will help you get perfect spacing between your lines. The marked line also help you end up exactly where you want. Using the Cut Out Centre will help you master stitching in the seams of your quilt by keeping you on track. Or you can rotate the ruler to create intricate designs such as the starburst design. Using the Curvy side, quilt brackets. The Bracket quilting design is a slightly curvy, slightly pointy design that's perfect for skinny border, repeated as an all over design or perfect for quilting blocks. You can also use Sid to quilt piano key border designs without having to rotate the ruler. Also, use the 45 degree lines for mitered corner designs.</p> <p>Code: CG RQTA9</p>

Creative Grids Catalogue

	<p>Slim</p> <p>Want to master machine quilting with rulers but not sure where to start? It's time for you to meet Slim, your new home machine quilting best friend. This versatile ruler is the perfect way to finally get comfortable using rulers while machine quilting. Curved edges allow for versatile designs and the perfect length, just long enough to quilt lines in any direction without being too cumbersome. Use it for straight line quilting, concentric squares, border designs, stitching in the ditch and geometric quilting.</p> <p>Code: CG RQTA2</p>
	<p>Smiley</p> <p>Smiley is sure to put a grin on your face! Quilting arc shapes doesn't have to be tricky or difficult. Smiley's handy needle stops on both sides means that you get a perfectly pointed arc each time. Smiley includes two differently sized arcs for even more versatility.</p> <p>Code: CG RQTA12</p>
	<p>Squiggy</p> <p>Squiggy may look different than your normal machine quilting ruler, but it will become your go-to ruler for machine quilting serpentine lines and wavy designs. The serpentine line is a curvy design that's perfect for 2 and 3 inch quilt borders and sashings as well as quilting them from top to bottom, bottom to top, left to right or right to left. Now you don't have to spend months trying to learn the design, you can get right to quilting them in your quilts!</p> <p>Code: CG RQTA4</p> <p>Code: CG RQTA4LS (Low Shank)</p>
	<p>Taj</p> <p>Inspired by the dome of the Taj Mahal, Taj is perfect for quilting curvy, pointed arcs on your quilts. This versatile tool can be used in all areas of your quilt, including borders, blocks and backgrounds. Quilt along the outside to create: - Pointed arches in borders - Overlapping arcs - Rotate to quilt complex looking motifs. Work along the inside of the tool to create: - A leafy all-over design - Leaves in a row for thinner borders - Rotate to quilt flower-like motifs for blocks. By combining the inside and outside, or alternating directions, you can come up with endless quilting possibilities.!</p> <p>Code: CG RQTA5</p> <p>Code: CG RQTA5LS (Low Shank)</p>

Pineapple:

	<p>Pineapple Trim Tool</p> <p>Create perfect 6, 8 or 10 inch finished Pineapple blocks by squaring up each round of strips as you go. Since each round of strips is squared up before the next set is added, the blocks are perfectly square.</p> <p>Code: CG RJAW3</p>
	<p>Pineapple Trim Tool Mini</p> <p>Create perfect 4, 5 or 6 inch finished Pineapple blocks by squaring up each round of strips as they are sewn. Since each round of strips is squared up before the next set is added, the blocks are perfectly square. The cutting requirements for the centre square and the strips are printed right on the ruler.</p> <p>Code: CG RJAW3MINI</p>
	<p>12 inch Skinny Pineapple Trim Tool</p> <p>Create perfect 6, 9 or 12 inch finished Pineapple blocks by squaring up each round of strips as they are sewn. Since each round is squared up before the next set is added, the blocks are perfectly square. The cutting requirements for the strips and centre square are printed right on the tool. The widths of the logs finish to 0.75 inch so even a 6 inch block looks impressive. Add 4 more rounds to complete a 9 inch finished pineapple. Add 4 more rounds to complete a 12 inch finished block. It really is that easy and accurate.</p> <p>Code: CG RJAW12</p>

Quilted Friends:

	<p>Quilted Friends 2½ x 10 inch</p> <p>This 2½ x 10 inch ruler features easy-to-read black and red markings printed in 1 inch grids marked in ⅛ inch and ¼ inch increments. The exclusive embedded heart shaped gripper dots hold the fabric while cutting when pressure is applied. Dashed lines are printed ¼ inch away from one 10 inch edge to aid in trimming seam allowances.</p> <p>Code: CG RQF</p>

Learn to use the 5 templates as a set, individually or in different combinations to create the eight featured projects in the book.</p> <p>Code: AL TQC107</p>

Speciality:

	<p>18 Degree Segment Ruler</p> <p>Use this 18 degree circle segment ruler to cut 20 petal round or pointed Dresden Plates from strips with no waste of fabric. Each petal can be cut up to 8 1/2 inch to create Dresden Plates up to 16 1/2 inch. Create Fan blocks by combining 5 segments.</p> <p>Code: CG R18CF</p>
-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Creative Grids Catalogue

	<p>Charming 5 Square Ruler</p> <p>This simple 5 inch square template is designed to work with the other templates in the Charming 5 Square series. Use the template to cut 5 inch squares; 2½ x 5 inch rectangles or 2½ inch squares. Or, use the crosshatch marks to centre a feature print. Combine the 5 inch fabric squares with the pieced blocks from the entire series for limitless design possibilities.</p> <p>Code: CG RFFQ1</p>
	<p>Curved Corner Cutter Quilt Ruler</p> <p>Use the Curved Corner Cutter to create round corners on your projects. Choose curves with a radius of 1½, 2 or 3 inches. Each curve features black 45 and 90 degree markings.</p> <p>Code: CG RCCC</p>
	<p>Face Mask Template</p> <p>The Face Mask Template is a 3 in 1 template that makes a small, medium or large sized mask. An instruction guide is included with the template. The Face Mask Template is a fast way to cut out shaped double layered face masks. Simply stack 2 coordinating fabric pieces (two times with right sides together) and cut around the template with a rotary cutter. There will be a total of 4 pieces, an outer set and an inner set. This template also features pleat marks to give the mask a more custom fit after construction.</p> <p>Code: CG RFACE</p>
	<p>Folded Corner Clipper Tool</p> <p>No need to draw pencil lines! Since you have to trim the corner anyway. Why not trim it first, and use the raw edge as your seam guide? Since the corner was trimmed with a straight edge, your bonus triangle is ready to sew into a Half-Square-Triangle Block! And, use the 45 degree angle to create binding or mitered corners.</p> <p>Code: CG RFCC</p>

Creative Grids Catalogue

	<p>Folded Corner Clipper Tool Extra Large</p> <p>Twice the size of the original Folded Corner Clipper (Order Code: CG RFCC), the Folded Corner Clipper XL can span a 10 inch block and cut wide, mitered borders. No need to draw pencil lines when prepping your favourite blocks such as snowballs, flying geese, diamonds in a square and cornered rectangles! Since you have to trim the corner anyway, why not trim it first and use the raw edge as your seam guide? With the corner trimmed with a straight edge, your bonus triangle is ready to sew into a Half Square Triangle block! Or, use the 45 degree angle to create binding or mitered corners. Also, use the additional printed angle line to square up and trim the corners from any pieced block. Adding triangles to the corners of a pieced log cabin block, for instance, is now easy and accurate!</p> <p>Code: CG RFCCXL</p>
	<p>Kitty Cornered Ruler</p> <p>Make 11 different sizes of the Kitty Cornered block, two at a time! Cut the odd angles with the tool, then trim them down to size after sewing. Fast, easy and accurate! Make two Kitty Cornered blocks at the same time, the printed cutting chart is right on the tool! Create 11 sizes from 1 to 6 inches - and every half inch in between.</p> <p>Code: CG RDH5</p>
	<p>Quick Trim Ruler 3½ x 12½ inch</p> <p>The Quick Trim Ruler features 90 degree angles that add the seam allowance when cutting triangles, eliminating the points.</p> <p>Use the eight drilled holes at one end as pivot points to draw circles from 2 inches to 22 inches (and every half inch in between). Simply place a marking tool in the large holes drilled down the centre of the ruler and rotate it 360 degrees.</p> <p>This 3½ x 12½ inch rectangle features easy-to-read black and white markings printed in 1 inch grids marked in ⅛ and ¼ inch increments. Turn it around to cut whole inches. Horizontal and vertical lines are printed on the rectangle so the centre of the ruler is easily distinguishable.</p> <p>Code: CG RMT1</p>

Creative Grids Catalogue

	<p>Round Up Tool</p> <p>Use the Round Up tool for rounding corners on placemats, table runners and quilts. Gently curves in two sizes are easy to bind. No need to stop and turn at each corner! You can also cut 8 or 10 inch circles for potholders and applique. Cut drunkard's path, orange peel or petal shapes for applique. Great to use with pre-cut 5 inch, 7 inch and 10 inch squares!</p> <p>Code: CG RATK1</p>
	<p>Scallop Template</p> <p>Add that awe factor to any quilt by creating a scalloped border in 3 sizes, specifically designed for 2 to 12 inch borders. The small size is perfect for borders that are 2 to 5 inches in width. The medium scallop is ideal for 4 to 8 inch borders. And the large scallop works for borders up to 12 inches. Since you are creating this design element with paper templates, they can be spaced or overlapped as needed to fit any length of border.</p> <p>Code: CG RSCALLOP</p>
	<p>Small Bowl Cozy Template</p> <p>Creative Grids has released a template to make bowl cozies. This nested set includes 2 sizes of bowls. A complete set of instructions is included with the templates. Note: Since the finished product is intended to be used in a microwave, you MUST use 100% cotton thread, batting and non-metallic fabric.</p> <p>Code: CG RBOWLS</p>
	<p>Square on Square 6 inch Trim Tool</p> <p>Create 3 inch or 6 inch square on square blocks. No calculation needed - all the cutting measurements are printed right on the tool! Trimming each round as triangles are added creates perfectly square, uniform blocks.</p> <p>Code: CG RJAW7</p>
	<p>Square on Square 8 inch Trim Tool</p> <p>Create 4 inch or 8 inch square on square blocks. No calculation needed - all the cutting measurements are printed right on the tool! Trimming each round as triangles are added creates perfectly square, uniform blocks.</p> <p>Code: CG RJAW8</p>

Creative Grids Catalogue

	<p>Straight Out of Line Ruler</p> <p>The Straight Out of Line ruler creates unique four-patch blocks with the illusion of curves. Ruler markings make it possible to cut squares from 4 to 10 inch squares (and every half-inch in between). The finished size of the pieced blocks is approximately $\frac{3}{4}$ inch less than the cut block.</p> <p>Code: CG RKA3</p>
	<p>Turbo 4 Patch Template</p> <p>Create four-patch blocks in 16 different sizes ranging from $\frac{1}{2}$ inch to 4 inch finished sizes. Place the markings on the ruler directly on the seam line and trim. Since the blocks are trimmed after cutting, sewing and pressing, any distortion caused by these steps is corrected and each four-patch will be the perfect size every time! This trim tool is the perfect companion for the 2½ inch and 5 inch precuts.</p> <p>Code: CG RDH3</p>
	<p>12 Inch Wave Quilt Ruler</p> <p>This 12 inch Wave Ruler designed by Judy Niemeyer will add a quick curve to any traditional or paper-pieced block measuring 6 or 12 inches in width and 3½ inches or greater in length.</p> <p>Code: CG RWAVE</p>

Strip & Stripology:

	<p>90 Degree Double Strip Ruler</p> <p>Use the straight side of this double strip ruler to cut 1½ inch and 2½ inch strips (or use the pre-cuts that are on the market). Sew these strips together to create a 4½ inch wide strip set. Turn-a-Round the ruler to cut half-square triangles that finish 4 inches. Place two strips of fabric (right sides together) and cut 5 pair of half-square triangles at one time without wasting any fabric.</p> <p>Code: CG RDBS90</p>
	<p>Trapezoid Strip Ruler</p> <p>Use the straight side of this single strip ruler to cut 2½ inch strips, or use the pre-cuts that are on the market. Turn the ruler around to cut half-square triangles that finish 2 inches. Place two strips of fabric (right sides together) and cut 9 pair of half-square triangles at one time without wasting any fabric. The holes in the ruler enable the rotary cutter to cut the triangles without damaging the ruler.</p> <p>Code: CG RSRTAP</p>

Creative Grids Catalogue

	<p>Tumbler Single Strip Ruler</p> <p>Use the straight side of this single strip ruler to cut 1½ inch and 2½ inch strips, or use the pre-cuts that are on the market. Sew these strips together to create a 2½ inch wide strip set. Turn-a-Round the ruler to cut tumblers that finish 2 inches. Multiple layers can be cut at the same time, cutting nine tumblers at once without wasting any fabric. The holes in the ruler enable the rotary cutter to cut the tumblers without damaging the ruler.</p> <p>Code: CG RSRTUMB</p>
	<p>Stripology XL Ruler</p> <p>The Stripology XL combines all of the features you love in the original Stripology ruler AND the Stripology Squared. This beauty combines the height of the Stripology Squared - so you can square up blocks up to 12½ inch - with the width of the original Stripology so you can cut up to eight 2 ½ inch strips or 14 1½ inch strips without ever moving the tool, reducing your rotary cutting time by up to 75 percent. The 2½ inch increments are marked with squares; the 1½ inch increments are marked with stars - no maths required!</p> <p>Need to cut in ¼ inch increments? No problem, just follow the chart included in the instructions and use the ¼ inch line on the ruler. We have added additional bells and whistles as well. There are 60 degree lines as well as 45 degree lines; ½ inch lines; and additional markings to aid in cutting perfect triangles every time.</p> <p>Code: CG RGE1XL</p>
	<p>Stripology Squared</p> <p>Stripology Squared has all of the features you love in the original Stripology ruler and it will make squaring up a breeze! The smaller size is easier to manipulate and is more portable so it is the perfect choice when travelling to classes and retreats. Follow the easy-to-read markings, squares for 2 inch cuts and stars for 1 inch cuts - no maths required!</p> <p>Stripology Squared includes markings to square up half-square triangles, quarter-square triangles and blocks up to 12 inches. And, since the slots are longer to accommodate larger blocks, it is the perfect choice for cutting wider fabrics.</p> <p>Code: CG RGE2</p>

	<p>Stripology Mini Quilt Ruler</p> <p>Stripology Mini Quilt Ruler has all of the features of the original Stripology Squared ruler plus a few additional features you will love. It includes markings to square up half-square triangles, quarter-square triangles and blocks up to 6 inch finished. The smaller size is easier to manipulate and makes squaring up blocks a breeze. Follow the easy-to-read markings - stars for 1½ inch cuts and squares for 2½ inch cuts, - no maths required!</p> <p>Turn the ruler around and use the markings on the opposite edge to cut ¼ inch and ¾ inch cuts - no chart required. Or use the ⅛ and 3/8 inch dashed lines to cut eighth inch strips.</p> <p>Code: CG RGE3</p>
	<p>Stripology Quarters Mini Ruler</p> <p>The Stripology Quarters Mini Ruler is designed to work with units up to 6¼ inches, you'll be able to cut ¼ inch and ⅛ inch increments as well. Turn the ruler around and use the black and white squares to square up blocks up to 6¼ inches. Use the 45 degree lines to trim flying geese units down to ¼ inch increments. There are even 1½ inch cuts that are highlighted with black stars. Great for fussy cutting and trimming embroidered blocks. The flexibility of the ruler adjusts for the thickness of the embroidery giving you an accurate trim. Ruler size: 8½ x 12½ inches</p> <p>Code: CG RGE4</p>

Accessories:

Gypsy Gripper (Large)

The Gypsy Gripper is an easy-to-use accessory for holding your favourite ruler. The Large Gypsy Gripper caters larger ruler sizes. Simply place the Gypsy Gripper on the ruler (it doesn't even need to be pushed down onto the ruler). Apply the clips and the suction cup fastenings onto the ruler. It's as simple as that.

Code: CG GRIP LG

Gypsy Gripper (Small)

The Gypsy Gripper is an easy-to-use accessory for holding your favourite ruler. The Small Gypsy Gripper caters smaller ruler sizes. Simply place the Gypsy Gripper on the ruler (it doesn't even need to be pushed down onto the ruler). Apply the clips and the suction cup fastenings onto the ruler. It's as simple as that.

Code: CG GRIP SM

Gypsy Quilter Sit Upon

Sit comfortably for hours while quilting, sewing, reading, driving or just sitting around on a lazy day. The Gypsy Sit Upon Can be used on hard or soft chairs, recliners, car seats or anywhere you sit for an extended period of time. This softly inflated flexible disc acts like an exercise ball, preventing fatigue and reducing pressure on the tailbone. Relieve lower back pain, strengthen your core muscles and improve your posture the easy way. The nubby texture allows cool air flow and promotes improved blood circulation. Durable purple rubberized material remains soft and pliable.

Double Sided Cutting Mat

The Creative Grids Rotary Cutting Mat is double sided with one side featuring one inch grids with eighth inch markings over the entire surface. All numbers are printed outside of the grid area, so they are always visible.

Popular 1½ inch cuts are highlighted with white stars; 2½ inch cuts with white squares. Eighth, quarter and third yard cuts are marked with dashed lines for easy reference. The other side is designed to use with the Creative Grids Stripology series of rulers. Line up the fabric and rulers on the spaced horizontal half inch grid lines.
